

keus®

Seamless Networking

Compatible GRANDSTREAM
Wi-Fi models

Indoor Wi-Fi 5

Ceiling, Home

Key Features

PoE

Encryption security

2x2:2 MU-MIMO technology

Gigabit

Advanced QoS

165 Meter Range

Supports Most Devices

Management Controller

PART NUMBER: KGSM76K05ID

Indoor Wi-Fi 6

Indoor, Ceiling, Home

Key Features

3x3:2 MU-MIMO technology

Encryption security

PoE

175 Meter Range

Advanced QoS

Gigabit

Management Controller

Supports Most Devices

PART NUMBER: KGSM76K60ID

Long range Indoor Wi-Fi 6

Indoor, Ceiling, Large Home

Key Features

PoE

Encryption security

4x4:4 MU-MIMO technology

Gigabit

Advanced QoS

175 Meter Range

Supports Most Devices

Management Controller

PART NUMBER: KGSM76K64ID

Indoor Wi-Fi 7

Indoor, Ceiling, Large Home/Enterprise

Key Features

2x2:2 MU-MIMO technology

Encryption security

PoE

175 Meter Range

Advanced QoS

Gigabit

Management Controller

Supports Most Devices

PART NUMBER: KGSM76K70ID

Outdoor Wi-Fi 6

Large Home / Large Enterprise

Key Features

PoE

Encryption security

2x2:2 MU-MIMO technology

Gigabit

Advanced QoS

300 Meter Range

Supports Most Devices

Management Controller

5 internal antennas

PART NUMBER: KGSM76K600D

Long range Outdoor Wi-Fi 6

Outdoor, Large Home / Large Enterprise

Key Features

4x4:4 MU-MIMO technology

Encryption security

PoE

300 Meter Range

Advanced QoS

Gigabit

5 internal antennas

Management Controller

Supports Most Devices

PART NUMBER: KGSM76K640D

Table top Wi-Fi 6

Indoor, Large Home / Enterprise

Key Features

PoE

Encryption security

3x3:2 MU-MIMO technology

Built-In Firewall

Advanced QoS

Grandstream Home App

Supports Most Devices

Management Controller

5 internal antennas

Powered by Wi-Fi 6

Built-in VPN

PART NUMBER: KGSM70K62ETTR

Wall mount Wi-Fi 6

Indoor, In Wall, Large Home

Key Features

PoE

Encryption security

2x2:2 MU-MIMO technology

Gigabit

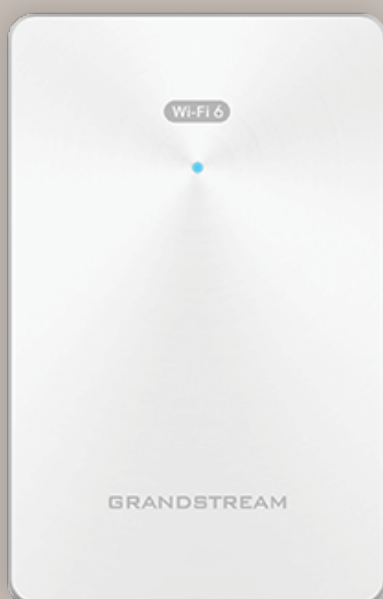

Advanced QoS

Management Controller

Supports Most Devices

PART NUMBER: KGSM76K61EWM

L2 Managed 5 Port Switch

High Speed switching fabric

Key Features

PoE

LED Indicators

Supports long cable connection

Gigabit

Advanced QoS

Unicast Storm Control

Supports deployment in IPv6 and IPv4

Green technology reduces power consumption

PART NUMBER: KGSM77K00P

L2 Unmanaged 8 Port POE Switch

High speed switching fabric

Key Features

Supports long cable connection

LED Indicators

PoE

Unicast Storm Control

Advanced QoS

Gigabit

Green technology reduces power consumption

Supports deployment in IPv6 and IPv4

PART NUMBER: KGSM77K01P

L2 Managed 16 Port Switch

Key Features

PoE

Encryption security

Management
Controller

Advanced QoS

Supports
deployment
in IPv6 and IPv4

Gigabit

PART NUMBER: KGSM78K02PM

L2 Managed 24 Port Switch

Key Features

Encryption security

PoE

Advanced QoS

Management
Controller

Gigabit

Supports
deployment
in IPv6 and IPv4

PART NUMBER: KGSM78K03PM

Multi Wan Router

Key Features

PoE

Built-In Firewall

Advanced QoS

Built-in VPN

Gigabit

Seamless
PBX access.

Deep Packet
Inspection (DPI)

Multiple
WAN ports

Access Control

Unlimited routers
& GWN APs

PART NUMBER: KGSM70K02R

Important

Sale and Installation:

The selected devices must be mandatorily purchased from Keus to ensure full firmware compatibility with our home automation protocols. All installations will be carried out by Keus-trained professionals, and warranty support will be provided in accordance with standard Grandstream processes.

Delivery :

Material will be ready for dispatch within 4-6 weeks from the date of confirmed order and receipt of 100% advance payment.

**Please be aware**

Design and programming fees are additional to ensure each project receives a technically reliable and sustainable solution.

All necessary network infrastructure, including LAN cables, electrical power points, and UPS backup, must be arranged and provided by the client

On Site Support Requirements, for Installation, will be communicated separately (Example - Availability of Electrician, Ladders, Scaffoldings, etc)
