Accessories that Complement

KEUS®

An abstract graphic consisting of numerous thin, light-colored lines that flow from the left side of the frame towards the right, creating a sense of movement and depth. The lines are curved and layered, giving the impression of a liquid or smoke-like effect.

THE CRAFT

Machined from a solid aluminium billet. Not cast. Not moulded. Machined. CNC cut to tolerances within a tenth of a millimetre. Then anodised. Not painted. Not coated. The finish becomes part of the metal itself. It cannot peel. It cannot chip. It will not fade.

Pick one up. Feel the weight. Run your thumb across the surface. No seams. No parting lines. No flex. No evidence of where a mould ever opened.

You have invested in a home where every detail has been chosen with intention. The marble. The joinery. The lighting. The furniture. A painting by an Indian master. A sculpture that commands attention. An Italian sofa. **Elemental** belongs in that company. It is not just a switch on your wall. It is an objet d'art.

Every detail matters. Every millimetre matters. That is **Elemental**. More than just control. It is the final expression of design.
